

Christine Hale

December 1949 - February 2022
1987 - 2021 as part of The Arc-Solano

You will be missed forever.

Rest in peace with love.

The Arc-Solano is very sad to share that Chris Hale passed away in February. Chris joined our agency in 1987 and stayed until 2021 when her battle with cancer forced her to leave.

She spent most of her time as an Instructor in the TS department, helping her clients maintain an independent lifestyle that they could be proud of. Chris also spent time in the ACT department and worked as a supervisor for a few years, too. She knew just how to help clients help themselves. Chris treated all of us with kindness and we regularly turned to her for advice. She advocated for our participants and was so proud when they achieved a new goal. Everyone has missed her and we will always remember her fondly.

If you have memories of Chris that you would like to share, please send us a message at smartinez@thearcsolano.org or [facebook.com/TheArcSolano](https://www.facebook.com/TheArcSolano).

We also want to thank the Hale family for asking loved ones to donate to The Arc-Solano in lieu of sending flowers. We greatly appreciate it.
